The Renaissance Block Challenge (RBC) is a neighborhood revitalization program encouraging clusters of neighbors to collaborate on exterior improvements to their properties to build confidence in Jamestown's neighborhoods and inspire others to reinvest. Proposed clusters should demonstrate a commitment to cultivating strong communications between neighbors and a shared sense of identity so that momentum gained in **2022** can be carried forward and result in a sustainable impact.

Neighborhood clusters should have as many shared property edges or boundaries touching as possible. Neighbors directly across the street are considered adjacent. A map showing the location of the properties in each cluster must be submitted with this pre-application. The map may be hand drawn or created using a parcel map from Chautauqua GIS (www.Chautauquagis.com) or by using Google Maps (www.google.com/maps/)

The Renaissance Block Challenge (RBC) grant objectives:

1. Encourage clusters of neighbors to collaborate on exterior improvements to their properties.
2. Build confidence in your Jamestown neighborhood.
3. Inspire others to reinvest in Jamestown's neighborhoods.
4. Establish a strong communications system between neighbors.
5. Develop a shared sense of identity.
6. Carry the momentum gained through this neighborhood grant forward.

Please answer as a group.

How does your neighborhood cluster plan to achieve the above RBC's grant objectives?

- Explain in writing how the cluster plans to demonstrate each of the objectives 1-6.
- List past and present group activities demonstrating neighborhood building.
- Remember to submit a map of the properties in your cluster.
